**CIC Conseil is working with the founding shareholders of Éthique Perfusion as they sell to Asten Santé, the subsidiary running the French Post Office's home healthcare service provider.**

Asten Santé is a major player helping patients returning home and coordinating care for those who require home healthcare services. This subsidiary of the French Post Office makes turnover of more than 120 M€ and employs a staff of 900 who care for 90 000 patients in their homes.

With the acquisition of Éthique Perfusion, Asten Santé is continuing to expand both geographically and professionally speaking, capitalizing on its strong territorial anchorage and the solid expertise of Éthique Perfusion.

Éthique Perfusion was founded in 2011 by Dominique Lecomte and Nathalie Tharaud-Lecomte in Castries (near Montpellier in southern France) and makes a turnover of nearly 2 M€ and works mainly in the areas of perfusion, artificial nutrition and complex dressings.

For the last 10 years, the company and its 11-strong team has made ethics into its core value and the basis of every project they undertake.

Éthique Perfusion also enjoys significant recognition in the local medical community and is listed as a reference provider for large healthcare establishments in the region.

CIC Conseil is acting as sole counsel for the Éthique Perfusion shareholders.
